

Application No. 10/798,459Client Reference No. N0184US**Amendments to the Specification:**

Please replace the paragraph on page 7, lines 1-4 with the following paragraph (Note: Markings showing changes are included in the replacement paragraph pursuant to MPEP § 714):

The compiled database products 110 that are used in computing platforms used for navigation are stored on suitable media. For example, the compiled database products may be stored on a computer-readable medium (such as CD-ROM disks, hard drives, DVD disks, or flash memory)[[,]] or other types of media that are available now or that become available in the future.

Please replace the paragraph on page 7, lines 10-18 with the following paragraph (Note: Markings showing changes are included in the replacement paragraph pursuant to MPEP § 714):

In addition to producing compiled database products for use on computing platforms used for navigation, the geographic database developer 101 produces one or more compiled database products 118 for use by a computer game developer 130. The compiled database product 118 used by the computer game developer may be the same or similar to a compiled database products 110 used in the computing platforms 112 used for navigation. The compiled database product 118 used by the computer game developer 130 may be provided on a suitable media, such as a computer-readable medium including one or more CD-ROM disks, DVD disks, or hard drives. Alternatively, the compiled database product 118 used by the computer game developer 130 may be provided over a network connection.
